

Curriculum Vitae

Revised May 2023

Steven Jay Cuvelier

Tenured Professor

Criminal Justice Center

Sam Houston State University

Huntsville, TX 77341

Work (409) 294-1641

EDUCATION:

Ph.D.	1988	Sociology	The Ohio State University
M.A.	1986	Sociology	University of Northern Iowa
B.S.	1980	Psychology	Iowa State University

PROFESSIONAL EMPLOYMENT:

Director of Digital Technology Initiatives, Criminal Justice Center, Sam Houston State University. Responsibilities include: Developing electronic courses for general use by the College of Criminal Justice faculty and staff. Features of these courses include: use by both face-to-face and online venues, use that is independent of text book selection by the instructor, and compliance to SACS and university standards. (2010-Present)

Director of the Technology Center for the Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT). Responsibilities include: Managing a department of 10 employees engaged in instructional design, computer application and Web services development, and digital media production. Development and support of an e-learning program for LEMIT's law enforcement officer training and education programs. Development and support of the College of Criminal Justice's on-line Master of Arts program, (2007 to 2009).

Director of Digital Technology Initiatives, Criminal Justice Center, Sam Houston State University. Responsibilities include: administration of the On-line Master of Science in Criminal Justice Leadership; managing the Texas Institute for Digital Education (TIDE); managing the Peace Officer Site for Education and Internet Training (POSEIT), which is a joint venture the Texas Commission on Law Enforcement; managing the Criminal Justice Center's Instructional Technology department, managing the Criminal Justice Center's Web master; coordinating with the University of Houston on the development and implementation of a degree in Public Safety Engineering, (2004-2009).

Associate Professor, College of Criminal Justice, Sam Houston State University. Responsibilities include: graduate and undergraduate teaching and research, (1995 to present).

Assistant Professor, College of Criminal Justice, Sam Houston State University. Responsibilities include: graduate and undergraduate teaching and research, (1989 to 1995).

Research Consultant, Harris County (Houston), Texas. Responsibilities include developing computer aided research methodologies to evaluate the performance of the Harris County criminal justice system and to recommend alternative practices and policies to enhance system performance, (1989 to present).

Senior Research Associate, National Council on Crime and Delinquency, San Francisco, California. Responsibilities include: software development, computer simulation consultant, population projections and policy evaluation consultant. In association with the National Council on Crime and Delinquency, technical assistance has been provided to the following agencies from (1988-1992):

Rhode Island Department of Children, Youth and Families
Nevada Department of Corrections
Ohio Department of Rehabilitation and Corrections
Ohio Department of Youth Services
Rhode Island Department of Corrections
Sheriff's Department, Cook County, Illinois
Sheriff's Department, Los Angeles County, California
State of Washington, Office of Financial Management, Forecasting Division
Tennessee Department of Corrections
Tennessee Department of Youth Services

Research Consultant, Wayne County Recorder's Court, Detroit, Michigan. Pursuant to *Wayne County Jail Inmates, et al. v. Edward McNamara, et al.*, I developed computer analysis which established the number of additional beds needed to lawfully house the Wayne County jail population under alternative policy scenarios, (1988).

Software Developer/Consultant. I have designed simulation development systems, PREVU for the Macintosh and THE PROPHET for MS DOS, which enables end users to apply simulation analysis in a manner similar to that of conventional data analysis with the common statistical packages. In addition, I have developed and deployed POSEIT, a distance learning system that provided some 250,000 hours of training and education per year for Texas peace officers. I also have produced online survey instruments and interactive web sites for a number of clientele (1987 – present).

Projections Researcher - Bureau of Planning and Research, The Ohio Department of Rehabilitation and Correction, Columbus, Ohio. Responsibilities included issuing impact statements for all proposed criminal justice legislation, publishing semi-annual projections of the Ohio prison population and identifying sources of change which impact

upon the prison population and developing conversion procedures for transferring the department's on-line transactional offender data base (OBSCIS) into a format suitable for research applications, (1986 – 1988).

Instructor, Department of Sociology, The Ohio State University. Responsibilities included teaching undergraduate sociology courses, (1985 – 1986).

Research Associate - Sociology, The Ohio State University. Responsibilities included computer operations, statistical analysis, and technical writing, (1984-1985).

Instructor, Department of Sociology, The Ohio State University. Responsibilities included teaching undergraduate sociology courses, (1983-1984).

Administrative Assistant - Dean of the College of Social and Behavioral Sciences, University of Northern Iowa. Responsible for evaluating equipment purchases and distributing computer equipment to faculty, (1982-1983).

Graduate Associate, Department of Sociology and Anthropology, University of Northern Iowa. Assisted Dr. Clemens Bartollas in preparing several book manuscripts for publication, (1981-1982).

COURSEWARE AND SOFTWARE DEVELOPMENT

The following works were produced under a variety of funding sources. The dollar values represent the fair market value of the products based upon industry standards and dollar values at the time of production.

_____ Web site development ‘www.leadingjails.com’. A rich media web site containing annotated references to resources regarding leadership and succession planning in America’s jails (2010-2011). Total value \$25,000.

_____ Web site development “GREAT Training Opportunities” for Project GREAT, Education Services Center, Region VI. This site is a catalog of training services for adult education teachers in the East Region of Texas (2010). Total value \$20,000.

_____ and the POSEIT Project Development team, 2007 Total Value \$ 660,000

<i>Human Trafficking</i>	4 hours	\$ 160,000
Flash Course Presentation Framework for POSEIT		\$ 500,000

_____ and the POSEIT Project Development team, 2006 Total Value \$ 800,000

<i>Non Intrusive Interviewing at Traffic Stops</i>	4 hours	\$ 160,000
<i>Handling the Mentally Impaired Citizen</i>	8 hours	\$ 320,000
<i>Analysis for Law Enforcement</i>	8 hours	\$ 320,000

_____ The online version of *The 2005 Census of Publicly Funded Forensic Crime Laboratories* survey instrument. This application was programmed in Flash 8 as a full-featured survey instrument. It is able to run from a server or from a local computer with an Internet connection and deliver responses as they are given to a networked data server. The instrument combines the best features of a self-administered survey instrument with that of a live interview by dynamically adjusting the prompts to questions in accordance to subjects’ responses (e.g., contingency questions appear only when needed).

_____ and the POSEIT Project Development team, 2005 *Guns First* (for the U.S. Attorney’s Office, Southern District of Texas) \$ 75,000

_____ and the POSEIT Project Development team, 2005 *Crime Stoppers* (for Texas Crime Stoppers) \$ 40,000

_____ and the POSEIT Project Development team, 2005 *Amber Alert* (for the Governor's Office of Emergency Management) \$ 70,000

_____ and the POSEIT Project Development team, 2005. Total value = \$480,000

<i>Non-Intrusive Interviewing on Traffic Stops</i>	4 hours	\$160,000
<i>Analysis for Law Enforcement</i>	4 hours	\$160,000
<i>Handling Mentally Impaired Citizens</i>	4 hours	\$160,000

_____, and Min Sun. 2004 – DIORAMA: A digital information organizer, reference and management application. Akin to an electronic library, DIORAMA stores and retrieves digital information. It handles a full range of digital media and can conduct full-text searches of text content and metadata, along with key word searches and text, author, title searches. The application has a full range of administration and user functions, including special/private collections access and management and built in security features. One of the more advanced features is a Web service that handles automated requests for resources. This service processes that redirects requests to appropriate URLs, enabling the deployment of rich media courseware with out extensive revisions as Web addresses for media resources change.

_____ and the POSEIT Project Development team, 2004. Total value = \$1.16 million

<i>Identity Crimes</i>	5 hours	\$200,000
<i>Spanish Language for Peace Officers</i>	24 hours	\$960,000

_____ and the POSEIT Project Development team, 2003. Total value > \$3 million.

<i>Asset Forfeiture -</i>	4 hours,	\$160,000
<i>Basic Crime Investigation –</i>	8 hours,	\$360,000
<i>Hate Crimes</i>	6 hours	\$240,000
<i>Legal Liabilities for Jailors</i>	3 hours	\$120,000
<i>Legal Liabilities for Law Enforcement Officers.</i>	6 hours	\$240,000
<i>Mentally Ill Inmates -</i>	5 hours,	\$200,000
<i>Racial Profiling -</i>	7 hours	\$280,000
<i>Rural Organized Crime and Gangs –</i>	3 hours	\$120,000
<i>Sex Crimes</i>	5 hours	\$200,000
<i>Suicide Prevention –</i>	4 hours	\$160,000
<i>Terrorism Investigation –</i>	5 hours	\$200,000
<i>The Crime Victim –</i>	5 hours	\$200,000
<i>Use of Force –</i>	2 hours	\$ 80,000

<i>Overview of Drugs</i>	3 hours	\$120,000
<i>Cultural Diversity.</i>	8 hours	\$480,000.

_____. 2002. *Family Violence*. An 8 hour rich media course on family violence. Using approved content, I packaged the course in the framework described above, narrated, added images,

8 hours \$360,000.

_____. 2001 - 2007. *The Peace Officer Site for Education and Internet Training (POSEIT)*. A data driven Web site to manage Internet training for Texas peace officers and the public. The site offers a course catalog, course registration, student transcripts, discussion forums, discussion forums, links, administrative tools and more. I have developed and continue to maintain the site in Austin as part of a \$1.9 million contract between the Criminal Justice Center and the Texas

_____. 2001. *A Framework for Web-Delivered Courseware*. A framework, written in Macromedia's computer managed instructional package, *Authorware*. This framework has enabled the Criminal Justice Center's media production team to efficiently transform content into a web and CD deliverable format. This format is presently the foundation for 15 courses with a fair market value of some \$1 million.

_____. 1990. *The Prophet*. An interactive simulation development system. Developed for and distributed by the National Council on Crime and Delinquency, San Francisco, California. Approximate value \$1 million.
