# **JAIL MENTAL HEALTH OFFICER: MASTER TRAINER COURSE V**

**January 27–January 31, 2025 • Huntsville, TX**

## **PROGRAM INFORMATION**

To better serve the public and those in crisis entering the criminal justice system, a partnership was formed, with the Sheriff's Association of Texas spearheading the initiative, to create a **crisis intervention training specific to Texas jails and its jailers.**

This program was developed through a broad coalition of partners that included but was not limited to National Institute of Corrections (NIC), Texas Department of Health and Human Services (HHS), Texas Correctional Office on Offenders with Medical or Mental Impairments, Texas Veterans Commission (TVC), Texas Commission on Jail Standards (TCJS), Sheriff's Association of Texas, Correctional Management Institute of Texas (CMIT), clinical faculty from the Psychological Services Center, Sam Houston State University, and Texas A&M Engineering Extensions Service (TEEX).

At the inception of this program, over 25 Sheriff's offices in Texas committed to send individuals to be certified and continue the "force multiplying" effect as master trainers. These trainers will return to their agencies as well as rural host agencies to train jailers throughout the State. The Sheriffs of Texas understand the need for crisis intervention training within a jail setting. As we are charged with the care and custody of those within our jails, we look for innovative methods to assist those under our care. It has been with the leadership and commitment of the Sheriffs of Texas in pooling limited resources, building collaborations and providing trainers, that this initiative will be the model for other states to follow.

**This Master Trainer course of the Jail Mental Health Officer Certification Program** will equip trainers with the ability to effectively facilitate the program and develop community partners who will collaboratively deliver the curriculum to county jail staff. Additionally, it is the goal of providing this course to make trainers available across the state, where agencies may not have the resources to deliver this training. Agencies who attend are committed to delivering this curriculum and opening their JMHO courses to outside participants in order to support delivery of the training in areas where it is not accessible.

---

## **SCHEDULED TRAININGS**

**Located at the George J. Beto Criminal Justice Center at Sam Houston State University**, the Correctional Management Institute of Texas will provide the training at no cost to agencies. This program will be delivered annually.

---

## **ELIGIBILITY**

This training is designed for **licensed county jailers in the State of Texas who have completed the 5900 Jail Mental Health Officer (JMHO) training and obtained their JMHO certification through TCOLE.** The nominee must also be a certified TCOLE instructor.

The JMHO training is not a program where by everyone and anyone that applies will attend. This program is limited to 24 participants. Staff must be nominated by their Sheriff and nomination forms and letters of support must be submitted by Monday, December 9, 2024.

## HOW WILL NOMINEES BE SELECTED TO ATTEND?

**CMIT will consider a variety of diversity issues in selecting participants.** The Institute will review nominations and select qualified participants that represent a diverse selection of regions and agencies. Substitutions are not permitted once the selection has been made.

---

## GUIDELINES

### Step 1 – Nomination

Nominations must be signed by the nominee's Sheriff and submitted, along with a letter of support providing information on the nominee and the understanding of the agency's commitment to deliver the JMHO training. The TCOLE training record of the nominee must be included with the nomination form and letter.

### Step 2 – Registration

Accepted nominees will receive a letter of acceptance and will be provided a link to register. The Sheriff of those staff who are not accepted, will be notified.
